

Stillwater Construction News Update

Month Ending: August 31, 2010

The construction news update provides summarized monthly news on all ongoing City-sponsored transportation projects. It is intended to provide advance information for decision makers, including City Management, Police Department, Fire Department, Post Office, etc. so they can anticipate potential impacts and respond accordingly.

Please direct any construction complaints to the Project Manager.

This report is updated monthly on the Web at stillwater.org
 Click on the tab "Transportation"
 then the tab "Construction Update".

Construction Activities with Significant Impact to Traffic: 1

Item No.	Project Description	Status	Significant Impacts
1	<p>STPW17 –19th Ave Bridge Replaces an old steel trestle, wooden deck bridge over Boomer Creek with a 2120-foot slab span concrete bridge.</p> <p>This project is being designed and constructed in conjunction with STPW02 and STPW16.</p> <p>Designer: Poe & Associates Contractor: Wittwer Construction Co.</p>	<p>Work began on April 26, 2010 and is scheduled to be complete prior to the start of the school year, weather permitting.</p>	<p>Road is closed until completion of construction</p>
2	<p>STPW18 – Washington St.; Hall of Fame to Richmond: Includes the milling of the existing surface spot repair of the roadway sub-grade and the underlying concrete, asphalt pavement where needed and placement of a new driving surface. City crews are repairing curbs prior to roadway construction.</p> <p>Designer: The Benham Companies Contractor: APAC</p>	<p>Construction was completed at the end of August.</p>	

Item No.	Project Description	Status	Significant Impacts
3	<p>STPW03 – Jardot: 12th to McElroy</p> <p>This project is divided into two design sections. The first section extends from 12th Avenue to 6th Avenue. The second design section extends from 6th Avenue to McElroy.</p> <p>The 12th to 6th Avenue design includes a two-lane roadway with shoulders and ditches and six-foot sidewalks on both sides. The design will accommodate expansion to a four-lane section.</p> <p>The 6th to McElroy design includes four lanes and six-foot sidewalks on both sides.</p> <p>Designer: Tetra Tech</p>	<p>The 90% design submittal has been received.</p> <p>Utility relocations will commence upon acquisition of right-of-way and will take approximately 180 days.</p> <p>79 of the 81 easements required have been acquired.</p> <p>Roadway construction work is scheduled to commence when utility relocations are complete.</p>	
4	<p>STPW02 –19th Ave: Main to Jardot</p> <p>The project includes reconstruction of the roadway to match the existing alignment and drainage capacity.</p> <p>This project is being designed and constructed in conjunction with C7PW19 and STPW16 (see below).</p> <p>Designer: Poe & Associates, Inc.</p>	<p>Preliminary plans have been completed.</p>	
5	<p>STPW16 – Jardot Rd.: 19th to 12th</p> <p>The project includes reconstruction of the roadway to match the existing alignment and drainage capacity.</p> <p>This project is being designed and constructed in conjunction with STPW02 and STPW17.</p> <p>Designer: Poe & Associates</p>	<p>Preliminary plans have been completed.</p>	

Item No.	Project Description	Status	Significant Impacts
6	<p>PW8G02 – Country Club Rd; 6th Ave. to County Project</p> <p>This is a companion project to Payne County's widening Country Club Road from two to four lanes. The County's project starts approximately 1190 feet north of 6th Ave. and extends to Lakeview Road.</p> <p>Designer: Brawley Engineering</p>	<p>The 60% design has been completed and right-of-way acquisition has begun.</p> <p>The bridge is scheduled to be constructed by Payne County in 2011 followed by the roadway in 2012.</p>	
7	<p>PW0F01 – 6th and Perkins Intersection Reconstruction Project</p> <p>This project will reconstruct the bridge and box culvert on 6th Ave at Boomer Creek and add turn lanes in all directions.</p> <p>Pedestrian access will also be improved with ADA-compliant sidewalks in all directions.</p>	<p>Design consultant selection has been initiated.</p> <p>Construction will be funded by ODOT and is currently scheduled for 2015.</p>	
8	<p>STPW19 – Neighborhood Streets</p> <p>\$300,000 from the ½-cent Transportation Sales Tax is dedicated annually to the rehabilitation of residential streets.</p>	<p>The location for this year's project has not yet been selected. Potential projects will be presented to the City Council for consideration on October 4, 2010.</p>	
9	<p>STPW05 – Western and Hall of Fame Intersection</p> <p>This project will add a traffic signal and a right-hand turn lane on south-bound Western Road.</p> <p>Designer: C2A Engineering</p>	<p>Final design is being reviewed.</p>
